

# North

Design by Arik Levy.

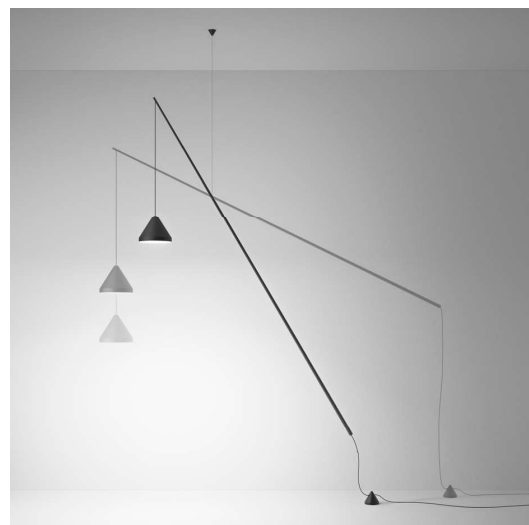

North features a base, stem, and shade that are disconnected from one another in a dynamic system of adjustable parts. Protruding arms hold triangular shades that direct the light where needed.

The counterweight placed on the ground guides the electrical cable and allows the stem and shade to be placed wherever required.

Push-button dimmer on the cable.  
Electric cable with plug.

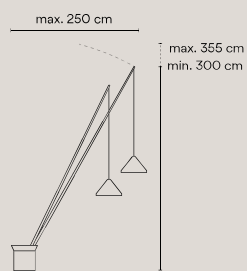

The North Floor Lamp is anchored to the floor by a base weighted with black stones. Protruding carbon fiber arms bear the triangular aluminum shades to direct the LED-powered light where needed. The base, stem, and shade are disconnected from one another in a dynamic system of adjustable parts. The tighter angle of the shade creates a focused pool of downward light in a desired area, while the softer slant of the carbon rod traces an elegant, more open line that's subtle yet striking.

- 10 White (NCS S 0300-N)
- 11 Black (NCS S 8500-N)
- 24 Beige M1 (NCS S 2005-Y50R)
- 42 Blue M1 (NCS S 5010-B10G)

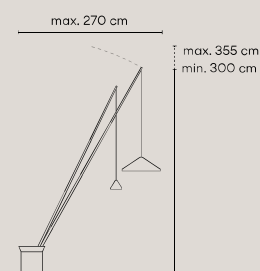

Diffuser: Methacrylate.  
 Shade: Aluminum.  
 Rods: Carbon Fiber.  
 Base: Steel.

LED 2700 K. CRI>80. 116 lm/W.  
 Dimming: Push.

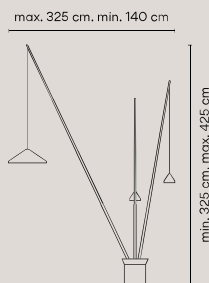

**Personalization options available**  
 - LED 3000 K / 4000 K  
 - Extra cable length (only ref. 5666)
