

Rock, suspension design Diesel Creative Team

Rock is like volcanic stone which breaks apart to reveal a jewel within. Mysterious and rough outside, bright and iridescent inside, it is shot through with asymmetrical facets and reflects light rays like a crystal. To the brown and white versions, with their pale and iridescent interior, a warm and bright gold finish has been added with sunnier shades warming the inside too. The suspension version focuses light onto the space below, while the floor version features an adjustable light beam, making it perfect both as a reading lamp as well as to light a smaller area, bottom up or top down.

Rock, suspension technical info

Description

Suspension lamp with direct light, hemispherical diffuser in mixed ABS and injection moulded polycarbonate. The outer cover is lacquered with matt "textured" paint, which not only colours but also makes the surface rough, while the paint on the interior is glossy and iridescent, white with greenish reflections for the brown and white version, and golden for the gold version; Diesel logo in relief. Powder-coated metal ceiling flange, electrical cable and ceiling flange both black for the brown and gold version, white for the white version; electric decentralisation kit available.

Materials: Moulded coated ABS + polycarbonate

Colours: White, Brown, Gold

Model

Rock

Weight

net kg: 2,30
gross kg: 5,30

Packing

vol. m³: 0,121
n.boxes: 1

Bulbs

- LED Retrofit/Fluo 1x23W E27

Certifications

Brightness

direct down light

Diesel Creative Team

In 2009, Foscarini signed a partnership agreement with Diesel as part of the "Home Collection" home furnishings and lifestyle project. This partnership has given Foscarini the opportunity to make contact with a new target clientele and explore new lifestyles and furnishing trends through a collection conceived by Diesel for its own target group: "Diesel Living with Foscarini".

The Diesel Living with Foscarini collection speaks a range of different languages - from rock to pop, industrial to vintage, graphics to art - to illustrate the unmistakable Diesel lifestyle. Ironic, transgressive, eclectic, incandescent, the collection is made up of over 40 different lamp models. The collection is structured into a range of forms, materials and intended uses, lending itself to unexpected and unconventional settings, from domestic to public environments, always with a strong personality. The materials selected and researched for Foscarini, and perhaps even more so in the Diesel Living with Foscarini collection, are of the utmost importance. Materials which have never before been used in the lighting industry are the collection's added value.
